

AMENDMENTS TO THE DRAWINGS:

In the Office Action at item 1, the Examiner objected to the drawings. In order to overcome these objections, Replacement FIGS. 3B, 6B, 7D and 8B are submitted; in each, the letter "G" indicating a gap between an adjacent pair of transparent electrodes numbers 1 and 4 has been added. Further, in Replacement FIG. 8B, the lower film designation "43" is changed to - -49- - per page 15, lines 32 and 37. Approval of these changes to the Drawings is respectfully requested.
